What if I must reschedule or cancel my appointment?

We take pride in scheduling appointments that fit into your busy life. Because that time is reserved especially for you, we request 48-hours advance notice (a phone call or email will do within business hours) if you must change, cancel or reschedule your appointment. This appointment policy helps us serve our patients efficiently and creates the most convenient appointment availability for all of our patients.

Please be advised that a cancellation with less than **48-hours notice** of your scheduled appointment may result in a charge of **\$100.00**. If rescheduling and cancellations become chronic, we will request that each future appointment be reserved with a credit card for the total amount for that appointment.
